TUESDAY, APRIL 13TH | 10:00AM - 11:00AM | MAX ATTENDEES: 300

Presented by:

Dr. Nita Mosby Tyler of [The Equity Project, LLC](#)

This presentation takes participants on a journey of “deconstructing” the real meaning of diversity, equity, and inclusivity – and how these concepts show up in the workplace. We will explore the ways in which seemingly small decisions in the office can have significant and meaningful impact within an organization. This keynote is designed to inspire and energize participants to leverage their skills as both leaders and colleagues in the journey to create more equitable workplaces.
