

# CIRSA FATAL FOUR TRAINING SEMINAR

## INJURY-FREE ZONE: TACKLING HIGH-SEVERITY INCIDENTS

This "Fatal Four" Seminar covers several common, yet underrecognized, high-severity Hazards municipalities face. Industry-wide, these topics represent four areas that regularly result in casualties to those involved. These are Falling from Heights, Electrocutions, caught in-between incidents, and struck-by accidents. This Awareness Level seminar provides some best practices to help eliminate, reduce, or avoid these hazards.

### Learning Objectives:

- Struck-By Awareness
- Fall Protection Awareness
- Electrical Essentials Awareness
- Caught In-Between Awareness
