

REGIONAL SEMINARS

AQUATIC RISK MANAGEMENT

With warmer temperatures just around the corner, our local pools will soon be full of people trying to escape the summer heat. Our Aquatic Risk Management Seminar is designed to help keep communities safe while reducing the risk of pool related liabilities. Dr. Tom Griffiths will cover several essential topics related to water safety and facility management; Emergency Action Plans, offering best practices and guidelines for creating effective and efficient plans; maintenance and safety hazards associated with life jackets and diving boards; ideas, topics, and formats for conducting lifeguard training, focusing on weekly and monthly in-service training sessions; and he will emphasize the importance of regular facility design inspections and maintenance, along with proper chemical handling to ensure safety and compliance.

PRESENTED BY: DR. TOM GRIFFITHS

Dr. Tom Griffiths is the President and Founder of Aquatic Safety Research Group. He spent 38 years teaching, coaching, and managing aquatics at major universities. Griffiths produces videos, textbooks, articles, and presentations in aquatics focusing his efforts on safety. He has conducted hundreds of aquatic facility inspections and teaches full day Aquatic Risk Management seminars. He has been an aquatic safety expert for more than 40 years and shares his expertise worldwide, including appearances on 60 Minutes Australia, Inside Edition, NPR, and many others. Dr. Tom Griffiths has a weekly podcast, The Drowning Files. Recently, he has also released his Drowning Prevention Simulator app Dr. Tom's Lifeguard Vision, and memoir Dr. Tom's Lifeguard Chronicles.
